In the Matter of **Scott-Rice Telephone Company's** Request for Approval of Certified Actual Costs Associated with the **Rice County** 911 Emergency Telephone Services System

ISSUE DATE: August 7, 1997

DOCKET NO. **P-426/ES-97-1014**

ORDER APPROVING CERTIFIED 911
SYSTEM COSTS

PROCEDURAL HISTORY

On July 7, 1981, the Minnesota Public Utilities Commission (the Commission) approved Rice County's final plan for the establishment of a 911 Emergency Telephone Services system.

On January 16, 1984, Scott-Rice Telephone Company (the Company) placed a portion of a 911 Emergency Telephone System into service in Rice County.

On December 9, 1993, the Company certified the actual costs it incurred for the provision of 911 Emergency Telephone Service in Rice County.

On April 26, 1995, the Commission approved the Company's initial monthly 911 trunk outswitching costs.

On February 26, 1996, the Company placed an additional 911 trunk in the Webster exchange

On May 6, 1997, the Company certified the actual costs incurred for adding one additional 911 trunk for the Webster exchange along with the mileage and termination costs. The Company also certified the mileage and termination costs of the initial trunk that it inadvertently did not include in its original certification.

Scott-Rice Telephone Company is now requesting Commission approval of the additional actual 911 system costs. Commission approval is necessary before the Department of Administration (DOA) will make payments for 911 system costs.

FINDINGS AND CONCLUSIONS

Minn. Stat. Section 403.11, subd. 3 states:

Subd. 3 (METHOD OF PAYMENT; CERTIFICATION.) A public utility

incurring reimbursable costs under subdivision 1 or 2 shall certify those costs to the commissioner of administration. The certification shall be in a form as prescribed by the commissioner after consultation with the public utilities commission. If the commissioner and the commission approve the certified costs as appropriate and accurate, the commissioner shall pay the certified costs from money appropriated for that purpose within 90 days following receipt by the commissioner of the certified costs. The commissioner of administration shall estimate the amount required to reimburse public utilities for the state's obligations under subdivisions 1 and 2 of this section and the governor shall include the estimated amount in the biennial budget request.

Scott-Rice Telephone Company has certified, in writing, that the elements of 911 services and associated costs indicated on Attachment A reflect only charges for services actually rendered in the direct provision of 911 service in Rice County.

All charges listed on Attachment A are in accordance with the Company's tariffs.

The Commission finds that the costs for 911 Emergency Telephone Service in Rice County which have been certified by the Company are appropriate and accurate.

ORDER

1. The costs identified on Attachment A accompanying this Order are approved as appropriate and accurate.
2. This Order does not approve payment of any 911 system costs. Any possible future approval of payment for system costs shall be granted by the Commissioner of the Department of Administration in accordance with the provisions of Minn. Stat. Section 403.11.
3. This Order shall become effective immediately.
